

EDUCATION

University of Michigan

PhD in Economics

Ann Arbor, USA

Aug. 2026 – Present

Vienna University of Economics and Business

Doctoral Researcher, Complexity Science Hub

Vienna, Austria

Dec. 2024 – Jul. 2026

École Polytechnique

Master's in Applied Mathematics and Statistics

Paris, France

Sep. 2022 – Nov. 2024

National University of Singapore

BSc (Honours) in Quantitative Finance

Singapore

Aug. 2018 – May 2022

RESEARCH INTERESTS

Production Networks, Supply Chains, International Economics

WORKING PAPERS

Synthetic Supply Networks (with Luca Mungo, Damien Bertrand, and François Lafond); arXiv:2608.03716

RESEARCH EXPERIENCE

Research assistant to François Lafond, INET, University of Oxford

Jun. 2024 – Dec. 2024

Research assistant to Tobias Reisch, Complexity Science Hub

Jun. 2023 – Aug. 2023

Research assistant to Christian Bongiorno, MICS, Centrale Supélec

Apr. 2023 – Jun. 2023

Research assistant to Andrew Lim, IORA, National University of Singapore

Jun. 2021 – Aug. 2022

AWARDS

Digital Innovation School research fellowship

2024 – 2026

National Science Scholarship (PhD), A*STAR (declined)

2024

Oxford INET Travel Grant

2024

Erasmus+ Mobility Grant

2024

French Excellence Master Scholarship

2022 – 2024

Institut Polytechnique de Paris Master Scholarship

2022 – 2024

PRESENTATIONS

2026: Conference on Complex Systems (online); 32nd International Conference on Computing in Economics and Finance (Ca' Foscari); Asia-Pacific Summer School and Conference on Networks and Complex Systems (NTU); SMU Trade Conference (SMU)

REFEREEING

NetSciX, Economic Systems Research

SKILLS AND LANGUAGES

Tools: Python, MATLAB, Mathematica, Linux, Git, $\text{\LaTeX}$

Languages: English (native), Chinese (fluent), French (intermediate)
